DESCRIPTION

NEVER MISS A CALL from a buying customer!

Your *Voicemail Lead Script* is **YOUR ANSWERING MACHINE "Outgoing Message"**. Winning sales verbiage on your pre-recorded message allows an inquisitive customer to receive a Confirmation # for benefits available today, so that an agent may return their call ASAP. Your *Voicemail Lead Script* works in tandem with *Predictive Lead Script* and *Cold Call Lead Script* to catch any prospective customer call from a "Lead Creation" phone system. You don't want to miss any call from a buying customer, even if the customer's call must go to voicemail. Your *Voicemail Lead Script* ensures that incoming customer calls to you are promptly and effectively turned into genuine leads!

Voicemail Lead Script also includes "Extras" such as, Dr. Clark's "6 Selling Pointers", and "8 Selling Techniques To Avoid".
